

Micheal Dransfield

<http://mdransfield.com>

Objective

To obtain a position in Web Design that will utilize my creative and innovative approaches to problem solving, and creating friendly user interfaces, while utilizing and expanding my experience in HTML, CSS, Flash, ColdFusion, SQL, and JavaScript.

Employment History

WEBMASTER [NORTHWESTERN TECHNICAL COLLEGE](http://www.northwesterntech.edu) **MARCH 2005 TO FEBRUARY 2006**

- ◆ Responsibilities included design and development of college web site: <http://www.northwesterntech.edu> . ColdFusion was used to create dynamic content from Access and Oracle Databases and Dreamweaver was used to edit the web sites. Improved upon user experience by creating solutions for organizational concerns.
- ◆ Designed Banners and icons using Flash, Photoshop and Illustrator while keeping bandwidth issues in mind.
- ◆ Addressed support issues pertaining to the web site for faculty and staff. Also researched technologies that could improve the staff, faculty and students experience.

WEBMASTER [NORTH GEORGIA ANIMAL LEAGUE](http://ngaleague.org) **AUGUST 2004 TO PRESENT**

- ◆ Assumed responsibility for the web site: <http://ngaleague.org> after it was hacked and used as a means to distribute spam. Upon receiving control of the site, it was moved to a new service provider and the blocked status was removed.
- ◆ Currently content is updated remotely and solutions are being implemented regarding uploading content in the future (forums, Wiki, Contribute).

WEBMASTER [WALKER COUNTY CHAMBER OF COMMERCE](http://www.walkercountyga.com) **AUGUST 2002 TO AUGUST 2003**

- ◆ Delegated assignments and maintained quality control while designing layout and co-authoring the site's CSS.
- ◆ Moved clients to an Access database and connected to the web site via ColdFusion technology.

Additional Skills & Certifications

- ◆ 3 years of experience in HTML, CSS, ColdFusion, JavaScript, Flash, and related design concepts
- ◆ Photoshop, Illustrator, Dreamweaver, Flash and ColdFusion in both the Windows and Macintosh Operating Systems.
- ◆ Comp TIA Network+- Certification
- ◆ Cisco Specialist – Certification
